

The new **BlackHawk** series has been designed to provide quality features at an affordable price. The **BlackHawk** series is manufactured to the same standards as Gretsch's **Catalina** and **Renown** series and is available in two configurations along with a full range of add-on drums.

BH-F625 Fusion Shell Pack in Wine Red Metallic.
8"x10", 9"x12", 11"x14", 16"x22", 5"x14" with tom holders. Shown with Gibraltar 4600PK hardware pack.

BH-S625 Grand Prix Shell Pack in Liquid Black.
9"x12", 10"x13", 16"x16", 16"x22", 5"x14" with tom holder. Shown with Gibraltar 4600PK hardware pack.

BlackHawk drums feature 6-ply Mahogany shells in durable NITRON finishes.

All drums have a 45-degree bearing edge for enhanced attack and projection.

A fully adjustable double tom holder with 12.7mm arms and memory locks is standard with all **BlackHawk** shell packs.

BlackHawk shell packs include a 5"x14", 8-lug wood shell snare drum in matching NITRON finish.
