

Tivoli® Lights-

They shed a whole new light on drumming.

Tivoli® lights

turn everything on.

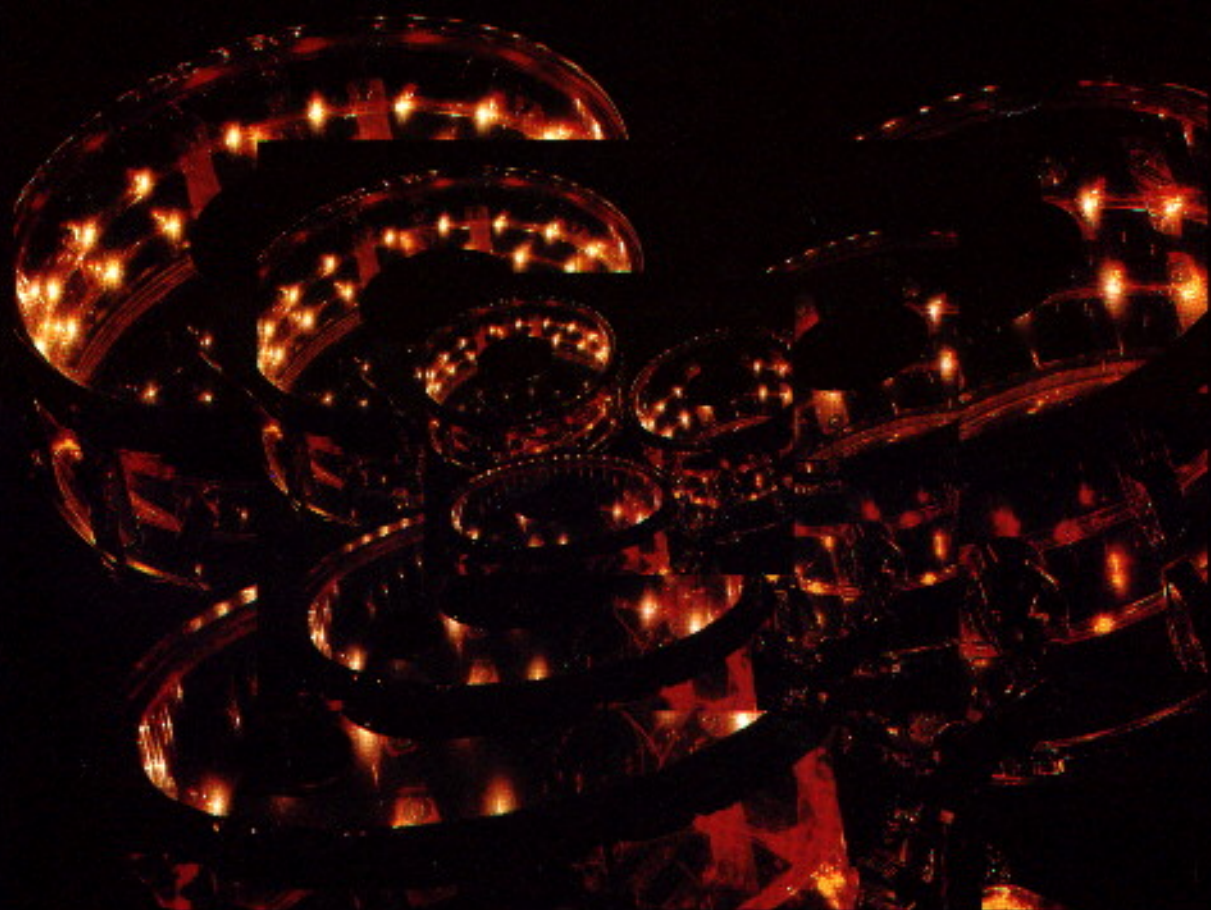

**The newest, boldest, wildest innovation
in performance drums from Ludwig.**

When we first introduced rainbow Vistalite® drums, drummers all across the country got excited. Well, now they'll go crazy. Crazy about the new Vistalite Drums with Tivoli lighting. It's the first outfit to ever feature built-in lighting.

Tivoli lights turn a song into a show. Bands of tiny lights sparkle through the multi-colored Vistalite material to produce a unique stage presence.

The lights that light space capsules at night are the same lights that will electrify audiences in these Vistalite Drums with Tivoli lighting. Years in development, Tivoli lights were perfected and proven in space travel. The same space-age lights now light the way for Ludwig's Drummer Revolution in special Vistalite Drums with Tivoli lighting.

See the lights at your Ludwig Dealer.

Drum Outfits with Tivoli* lighting are available only in three band rainbow Pattern A, in the Vistalite Big Beat series. Order your favorite color combination of crystal clear, smoke and transparent tints of blue, red, amber, yellow and green.
